WHY CHOOSE CUSTOM PLASTICS AND MORE?

Joyce Fabrication LLC d/b/a Custom Plastics and More specializes in machined custom plastic parts, and custom plastic applications specific to your unique requirement. This includes our assisting your efforts to eliminate employee safety risks and production downtime with custom plastic machine guards.

Custom Plastics and More is dedicated to designing and manufacturing superior parts and providing personal service with on-time delivery and attention that is unavailable with mega-companies.

Our three decades of fabrication experience provide expert design, engineering as well as design recommendations, material selection and sampling. Located just west of Atlanta, we have access to several high-volume distributors. Since opening our doors in 2004, we have established strong partnerships with our suppliers ensuring the best raw material prices and we pass the cost savings on to our customers.
